[(Truck Art: A Decade of Graffiti)] [By (author) Todd Lange, By (author) Paul Cavalieri] [July, 2010] Todd Lange

Two top graffiti artists from New York City expose their large-scale work. 294 startling color photos capture the innovative graffiti they and others created for over a decade from the late 1990s through the 2000s in three locations around New York City on working semi-truck trailers that were seen up and down the American East Coast. Also see their unique military trailers, service trucks, and mobile homes that became massive metal canvases. The work is transitory, making this a significant record of artistry now lost. If you have a passion for graffiti as art, this book is for you.
